

CREATE A MENTAL WELLNESS CLIMATE & CULTURE IN YOUR SCHOOL DISTRICT

- 1 Are your students experiencing learning loss, attendance issues, and behavioral challenges?
- 2 Do you worry about the possibility of tragic events, and the cost of out-of-district placements?
- 3 Do you want to empower your staff to make a difference in the lives of students?

Take the journey with Thrive mental wellness support services

From triage for immediate concerns, to providing proactive support that keeps staff and students safe, healthy, and on the road to academic success. Thrive is there to support you every step of the way with support that brings long-term impacts to your students, your school, and your entire community.

Counseling Services

Triage for urgent student needs with access to trained therapeutic counselors and consistent follow-up care.

Coaching, Training, and Certification

Advice, mentorship, and ongoing training from expert clinicians for teachers, counselors, child study team & administrators to increase the capacity of your team.

Professional Development

Mental health workshops designed to train school staff members how to recognize and respond appropriately to student mental health issues. Parent presentations also available on a variety of topics related to mental health.

School Accreditation

Maintain students in-district and create partnerships with families by showcasing your commitment to mental wellness with evidence-based interventions, a disciplined approach, and a consistent infrastructure.

THE OUTCOMES

Positive academic progress, improved attendance, reduced disciplinary actions, increased graduation rates, fewer legal challenges, increased job satisfaction, and tragedy prevention.

WHY CHOOSE THRIVE?

At Thrive, we are both educators and mental health clinicians who share your passion for improving the lives of students. For decades, our programs have supported academic progress by building the mental wellness of students and staff. Thrive's expertise in both educational and therapeutic intervention helps you raise your capacity to meet social and emotional needs, so everyone can achieve more.
